

# Invitation Ministries Program List

An Invitation Ministries representative has personally toured the programs listed below or has met with the Director to assess the quality of the Program. Currently, this is where we send the majority of our clients. It is our mission to meet our clients at their level of need and be sure they receive excellent care. Each program has different stipulations and costs. We also offer sponsorship to assist our clients as well as providing clothing, luggage, transportation and other miscellaneous needs.

Each Program offers a type of "Pre-Entry" program and/or the opportunity to remain at the center to serve as an intern or staff member, this serves as a way to transition from the program while simultaneously learning to use the tools they have been given.
